New York's Diverse Latino Population

By **Jan Vink** and **Robin M. Blakely-Armitage**, Cornell University

Hispanics or Latinos are not only the largest minority group in the United States (16% in the 2010 Census), but also in New York State (NYS) (17.6% in 2010). While almost 28% of the country's Hispanics reside in California, NYS ranks 4th among the 50 states with 6.8%. In the last decade, the number of Hispanics in NYS increased by more than 19%. The figure below compares the six largest Hispanic groups in NYS on a number of socio-demographic indicators, revealing that Latinos are a much more diverse and varied ethnic group than many may realize. Each "axis" of the graph has an independent range of values.

■ Mexican ■ Puerto Rican ■ Dominican ■ Salvadoran ■ Colombian ■ Ecuadorian
